

Allied Health Service Providers Directory

May 2008

About This Directory

This Directory has been compiled to assist GPs in referring patients to allied health services under the Medicare allied health item numbers. Only patients who are being managed under GP Management Plan (MBS item 721) and Team Care Arrangements (MBS item 723) or residents of aged care facilities whose GP has contributed to a care plan (MBS item 731) are eligible to be referred for the allied health Medicare services.

The Directory lists services registered with Medicare in the region covered by Monash Division of General Practice. It is not an exhaustive list of services but is based on information provided to the Division by allied health services.

Each service provider was asked to provide information on their service fees under the following categories

- Medicare rebate **fully covers fees for all clients** referred under the MBS items for allied health services.
- Medicare rebate **fully covers fees for pensioners/concession card holders** referred under the MBS items for allied health services.
- Medicare rebate **does not fully cover fees for pensioners/concession card holders** referred under the MBS items for allied health services.

Where this information has been supplied by the service provider it is listed after their entry (see legend below).

For further assistance / information about the allied health Medicare items please contact Monash Division of General Practice by phone 9570 3727 or email admin@monashdivision.com.au

SERVICES FOR PATIENTS WITH MENTAL HEALTH DISORDERS

Patients with mental health disorders can access referrals to psychologists and mental health workers through:

1. GP mental health care items
2. Access to Allied Psychological Services – vouchers for low income patients available through the Division.

These two options offer eligible patients better access to mental health services than the Medicare allied health rebates.

For information on services for patients with mental health problems please contact the Division. A full list of psychologists and mental health workers is supplied in the Division's "Better Outcomes in Mental Health" Directory.

Legend

- ▲ The Medicare rebate fully covers fees for **all clients** under this initiative
- The Medicare rebate fully covers fees for **pensioners/concession card holders only**
- The Medicare rebate **does not** fully cover fees for pensioners/concession card holders
- * The Medicare rebate **does not** cover fees for all clients under this initiative

Table of Contents

About This Directory	2
Audiologists	4
Chiropractors	5
Diabetes Educators	7
Dietitians	8
Exercise Physiologists.....	12
